To be held Thursday, Dec. 4, **7:00 pm**., at the Fauntleroy Church Fellowship Hall, 9140 California Way SW After the October 23rd Early Guidance Design Review on the Kenney proposed redevelopment, there were still many questions on the part of neighbors about both the details of the proposed redevelopment, and how the project will proceed through the city's processes (design review, master use permit, contract rezone, etc). The Morgan Community Association (MoCA) and the Fauntleroy Community Association (FCA) are both committed to engaging their respective communities so that neighbors can be informed and participate. Consequently, we have set aside a night prior to a second Early Guidance Design Review meeting to talk about this. Also see the "Kenney Frequently Asked Questions" attachment below for additonal background.

Agenda

Introductions and review of agenda

Background (for those who missed the Design Review meeting)

What is the process this project will follow (described by Michael Dorcy, Dept. of Planning and Development)

Based on what you've heard so far, what are you thinking

- What are your concerns?
- What do we wish could happen?
- What would it take to make this work in our community?

Next steps – ideas?
